Setting Expectations & the Importance of CARs

Key behaviors

*New

Be obsessed with safety and risk management

Open and transparent dialogue

Developing people through empowerment with accountability and performance management

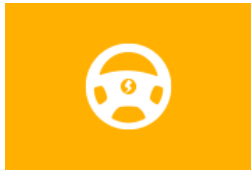

Take ownership for the whole

Critical Activity Requirements 1 to 5

CAR 01 – Working at Heights

CAR 02 – Light Motor Vehicles

CAR 03 – Mobile Equipment Operation

CAR 04 – Lock-Out / Tag Out

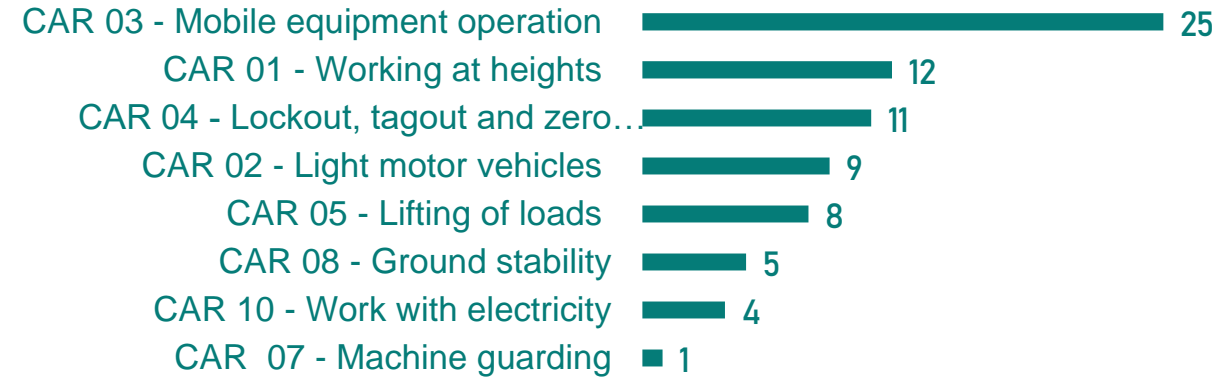

CAR 05 – Lifting of Loads

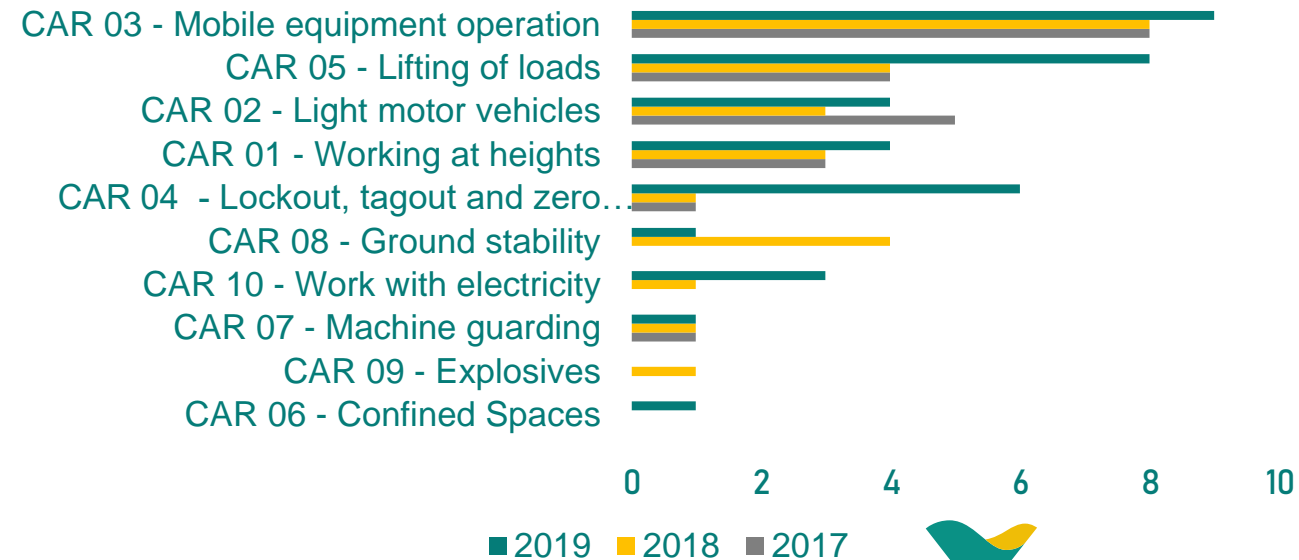

Why Were CARs 01 to 05 Reviewed?

- **71%** of fatalities in the last 12 years were associated with CARs.
- **84%** of N1 and N2 incidents associated with CARs in the last 3 years were associated with CARs 1 to 05.

Profile of fatalities associated with CARs in the last 12 years

N2 incidents by associated CAR

Vale E-Learning

The Process

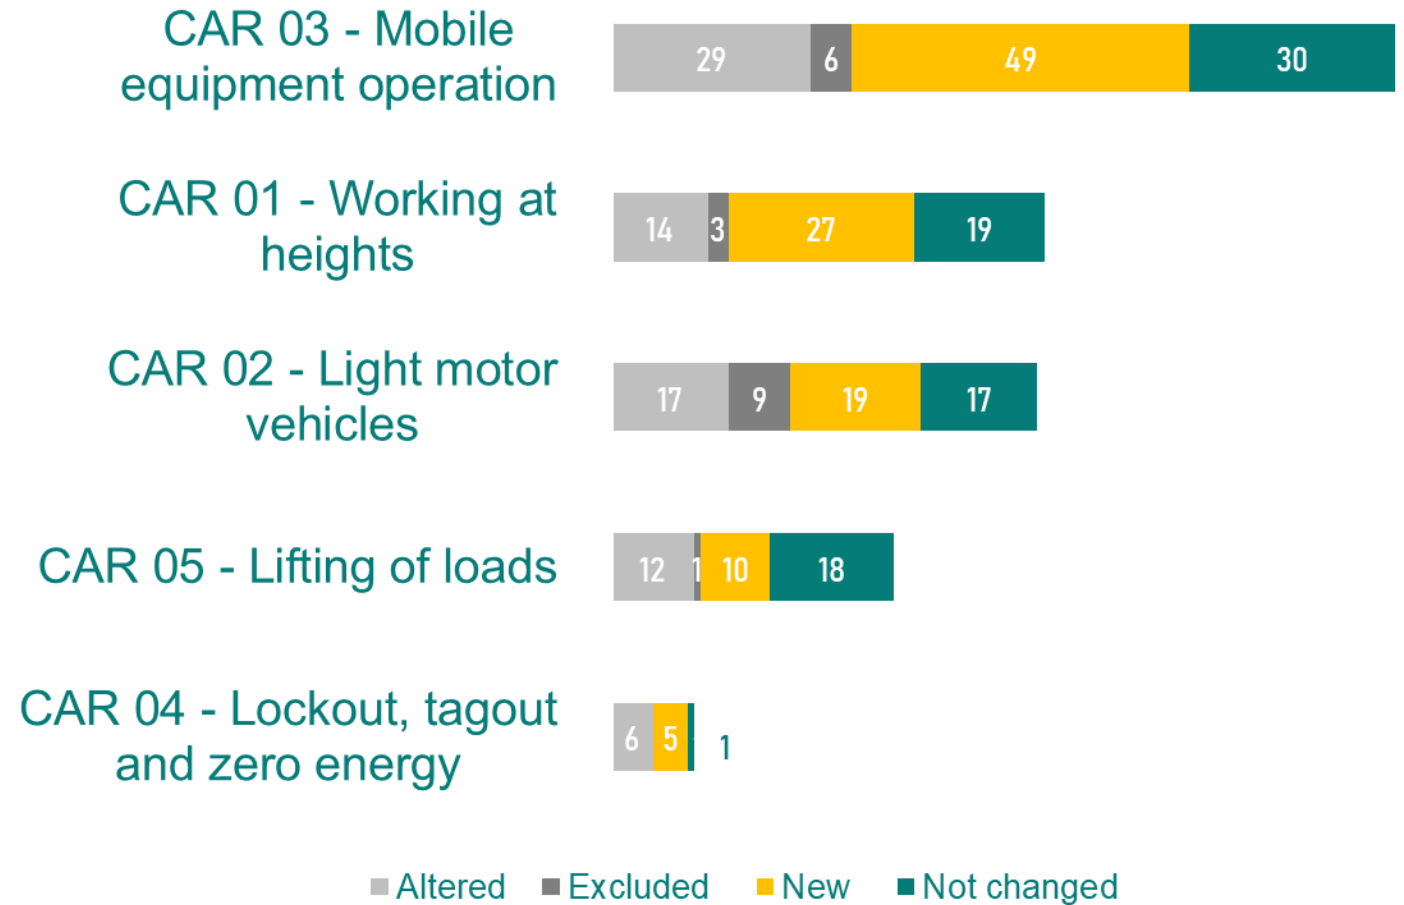

New CARs in Numbers

More than 300 requirements for Critical Activities - 01 to 05 - evaluated by the technical groups of the CARs.

110 New requirements for Critical Activities - 01 to 05.

Requirements in the New Document

Closing the Compliance Gaps

Timeline	Action
December 2019	Revise CARs 1-5
2020	Develop Action plans to address gaps to achieve full compliance, i.e. technical specifications, standard procedures
Oct - Dec 2020	Awareness Training for all Vale Employees and service provider employees
2021	Execute Action plans to close gaps, update specifications, update contracts, apply for exemptions, etc.
